12) From the reports of the Presidents it is seen that the experiment has been working satisfactorily in the Srini Vasapur Municipality but the President Bowringpet is of opinion that there is no danger of delegation of powers if the Vice President is highly educated with his local interest.

13) The Dy Commr Kolar considers that uniform delegation of powers does not appear desirable and the same may be left to each council and each President to decide according to local conditions.

14) So far replies have been received from Kolar & Chitaldrug districts. The Chitaldrug district has not furnished his opinion but states that the experiment has worked well both in Chitaldrug & Jagalur municipalities.

With reference to the General Secretary's Letter No.L.5335-42-11.
dated 29-1-32 requesting me to report as to how the scheme referred to
above has worked, I have the honour to state that the President of

short specially because the non-official Vice President is just ac-

Reference Delegation of certain
powers to the Vice President
noted in the Schedule annexed
to the Quota order dated
15th July 1930
~~18th October 1930~~.

~
I beg to report that the
powers enumerated in the said Schedule
were delegated to the Vice President
of this Municipality as per orders of
the Deputy Commissioner communicated
in his Memo No. A.S.-C 781/30-31
dated 18th October 1930 -

It has to be said here that it
has been found that the Vice
Presidents have been exercising
these powers and ⁱⁿ using these powers

though not delegated in some ~~cases~~
~~where persons take charge~~

It has also been found that there has not been proper check over the office and the executive staff and rules and regulations are often violated and ~~so~~ that plans have not been taken to study them and be guided by them -

Numerous important reference have not been promptly attended to and ~~the~~ papers of a routine nature have to be attended to by the president.

In the matter of preparation of assessment lists and collecting of contributions over the burden lies entirely upon the president and they appear to think that it is not part of their duty - and where their popularity is concerned they would not come forward and act boldly -

The Deputy Commissioner is fully aware
how the burden of warding off the
outbreak of cholera in this town
last year fell entirely upon the
shoulders of the president and the
sub Assistant Surgeon. They think
that all such things are not part
of their duty -

As regards granting of license,
numerous are the instances where
licenses have been granted without
any plans or imposing any conditions
resulting in civil litigation and
encroachments on public roads -
There are instances also where licenses
have been completed ~~before~~ ^{before}
~~applications received~~ ^{before} the day
~~when the process could be completed~~
~~licenses prepared~~ without any license
A concrete instance may be quoted here.
The Deputy Commissioner and the Executive
Engineer had ordered that no construction

should be allowed at Badi Kote junction
as the place was required for public
purposes (ie for widening the provincial
road passing through the municipal
limits). In pursuance of the above
order the President had ordered that
no license should be ~~granted~~ granted
in that case. But on a particular
morning the President and the British
Engineers were surprised to find a
building there for which license had
been refused by the President --
When engines were made it was found
that the license was granted by
the Vice President and that the
building was completed in one night.

~~As the case was taken to court~~
~~the building~~ He questioned the proceedings
have now been completed in respect of
the title and building --

It has also been found that at times
~~as the case was taken to court~~ the

Combine themselves with other interested persons to the prejudice of municipal interests and it is for this reason that repeated efforts to improve the finances of this municipality have failed.

Though it is expected that personal prejudices should not hamper the proper discharge of public duties in an impartial and unbiased manner, it has not been possible to find ~~instances~~^{some} instances where things have not been done in the right way.

High handed way of doing things at times has created a feeling that the powers ^{which} have been so kindly granted by Government has been used only to harass and trouble those whom they do not like.

A non-official ^{Vice} president who will generally be a local man with so many interests in the place has his own difficulty to be firm and impartial and unless he is a

man of high calibre and keeps
himself above all prejudices delegation
of more power is for consideration -
and I respectfully submit that there
is no danger of delegation of these
powers and even more if the
vice president is highly educated
with less local interest - preferably
a retired Govt officer of the status
not below that of an ~~exposed~~ ^{exposed} Minister.

some Municipalities

With reference to your letter No L. 4984-91 dated 12th January 1932 calling for a report on the above subject, I have the honor to state that the Presidents of the Shikarpur Town and Tirthahalli Minor Municipalities were requested to delegate certain powers and duties to their respective Vice Presidents and to watch how they exercised those powers.

The Presidents have now reported that all the duties and powers from 1 to 7 mentioned in the schedule attached to the G.O. No. L. 473-81/Ml. 223-29-5 dated 15-7-30 were delegated to the Vice President and that the Vice Presidents have exercised them properly.

SIR,

Adverting to G.O.No.L.437-8 M1.223-29-5 dated 15-7-30, directing that certain powers exercised by the Presidents of Municipal Councils be delegated to the respective Vice Presidents temporarily for a period of one year, and that a report on their working be submitted thereafter, I have the honor to state that ~~that~~ as an experimental measure the Presidents of Saklespur and Holenarsipur were asked to delegate the powers and submit a report after one year. The President of the Holenarsipur Municipal Council, reports that the Scheme has worked fairly satisfactorily there and is, further, of the opinion that it might be tried for a year more before ordering the delegation of those powers permanently.

As regards the working at Saklespur, the President Mr.I. Suryanarayana Setty transferred to Chickmagalore reports that he delegated the powers to the Vice President on 1-9-1930 and the Scheme was tried only for two months as the Municipal Council was reconstituted with effect from 1-11-1930. The Powers were not delegated to the new Vice President by the

President and Mr. Suryanarayana Setty had
as to why he did not delegate the powers.
therefore not possible to say whether the
had any fair trial to venture any opinion.

I think, however, that these powers might be
delegated only to the Vice Presidents of Town Municipal
Councils for a year more.

I have the honor to be,

SCHEME OF DELEGATION OF CERTAIN POWERS TO NON-OFFICIAL
VICE PRESIDENTS WHERE OFFICIAL PRESIDENTS EXIST.

Adverting to G.O. NO.1.473/ML. 223-29-5 dated 15th July 1930 on the above subject, I have the honour to state that Tarikere and Kadur Municipalities - the former a town Municipality and the latter a minor Municipality, both having official Presidents with no Chief Officers were selected and the powers contained in the schedule annexed to the Government Order referred to above were delegated to the ~~Municipal Councils~~ ^{Vice Presidents}. The Presidents of the two Municipal Councils report on the working of the scheme as follow -

The Sub Division Officer and President, Tarikere Municipal Council states that the non-official Vice-President of Tarikere has not taken the requisite amount of interest in the work of the supervision of the subordinate staff of the Municipality and his attention to the collection work has not been as much as could be expected. But as regards the routine correspondence and office accounts he is reported to have taken an abiding interest.

The Amildar President, Kadur Municipality reports that the Vice-President of the Municipality happens to be an Excise Contractor having contracts outside the District also and that as such he has not been able to devote as much attention as is considered necessary. He is reported to

~~to~~ have devoted however a fair amount
collection work.

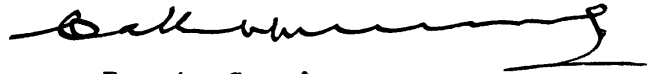

The several powers proposed to be delegated are more
a character requiring an intimate knowledge of the locality
most of the powers, if exercised properly, will improve the
health, sanitation and finances of the town. The Vice-
President being generally a local man is better fitted to
regulate these matters with his knowledge of the locality.
There has not been sufficient time to watch the working of
the scheme and the results achieved so far appear ~~appear~~ to
be fairly encouraging. The scheme may be tried for some
more time before extending it to other places.

The original reports received from the Presidents are
submitted.

Sir,

With reference to your No.A3-233-30 dated 23rd July 1931 calling for my report regarding how the scheme of ~~delegating~~ delegating certain powers to the Vice-President of this Municipality has worked, I have the honour to state that generally the - Scheme has been only moderately successful. The non-official Vice-President cannot be stated to have taken an adequate amount of interest in the actual conduct of Municipal work and effectively supervised the work of the subordinate staff and of Octroi gate and the cattle pound. The collection work has not progressed very greatly and the bulk of the supervision in ~~this~~ respect is still falling ~~xxx~~ on the shoulders of the Official President.

I may say however that a good deal of the routine ~~ex~~ correspondence is being successfully managed by the Vice-President and the accounts do not show any serious irregularities. The - scheme of delegation will be an even greater success if the Vice-president had the assistance of a qualified Chief Officer which - would provide not only the modicum of non-official authority but also the requisite amount of ~~exp~~ expert supervision.

I may say however, ~~for~~ the whole, that the scheme of delegating certain powers to the Vice-President has relieved the President ~~of~~ of some routine work and has hel ^{out} ~~out~~ just enough - promise to make it worth while to try it for some time longer.

The Delegation of Honorable Members of Parliament

It is reported that the Delegation of Honorable Members of Parliament is expected to be in London for 5 months, and that the Delegation will give two sessions after one year.

The arrangement is well worked out for the Delegation.

Uniform Delegation of Honorable Members of Parliament is not suitable. Each session and each session is to be held in London for local conditions in the Delegation's own country.

The system in London will be well worked out and may be adopted for one year in the case of the Delegation.

The results achieved appear to be fairly encouraging, the Delegation being tried for some months before extending it to other places.

The Delegation is working satisfactorily in the one town only where it was adopted.
